**Focus on Research and Public Speaking:**

CLLC L200 / Class 14643  COLLINS SEMINAR – ARCHIVES IN THE DIGITAL ERA: DIGGING INTO COLLINS’ HISTORY  
(2 cr)  9:30 – 11:00 am Tu/Th  Ed Basement (Jessica Ballard)  
SECOND EIGHT WEEKS  
Explore the history of IU through the archive of its first Living Learning Center, from the student activist period of the 1970s to the post-9/11 era in which we live today. Starting with the founding of Collins in 1972 (at the time simply the LLC) and spanning several decades, students will bridge the gap between the old and the new, while learning about basic archival methods. In this course, students will conduct primary source research, learn the technological skills to digitize the archive, and create their own digital project, which will highlight an aspect of Collins’ origins. Through a combination of readings, applied theory, and discussion, students will hone their research skills and develop digital literacy as they learn about archival preservation. A portion of the class will take place at the IU Archives at Wells Library.

**Focus on the Environment:**

CLLC-L 100 / Class 6265  COLLINS SEMINAR - EDIBLE WILD PLANTS: FALL  (1 cr)  
4:30 – 6:30 Tu/Th  Cravens C (Stephanie Solomon)  
FOUR WEEKS: Meets August 23 to September 22  
We will be spending time in the outdoors observing, learning, drawing, and collecting edible wild plants. Each session will be in a different location: woods, fields, wetlands, lawns etc. We will have the opportunity to see where these plants are growing, what their needs are and to collect and use them in recipes. Each session will result in a recipe booklet with its own artwork and recipes, tested and tasted by the group.

CLLC Q199  RESIDENTIAL LEARNING WORKSHOP  (1 cr)  
FIRST EIGHT WEEKS (classes meet twice a week for 50 minutes each)  
See One.IU for class meeting schedules  
Q199 challenges you to engage the core values of the Collins community: academics, diversity, community, empowerment, and sustainable living, through readings, discussion, and activities. An experienced peer instructor, who is also a Collins resident, facilitates the class. It helps you integrate into the Collins, IU, and Bloomington communities. You’ll learn how to take advantage of the resources of a living learning center situated in a major research university through a range of hands-on experiences, including a community project of your own.
