WHO? The IU Aphasia Support Group is for adults with aphasia who are motivated to work toward improving communication effectiveness. It is especially appropriate for individuals who have already completed a rehabilitation program, or who had their stroke several years ago. Small group therapy sessions are held weekly and are designed to maximize communication abilities in everyday situations.

Spouses or other significant communication partners are also welcome to attend a special family and friends support group that runs during the group therapy sessions.

Group therapy and support sessions are supervised by Laura Karcher, M.A., CCC-SLP, Clinical Associate Professor, Rebecca Eberle, M.A., CCC-SLP, Clinical Associate Professor and by Laura Murray, Ph.D., CCC-SLP, Professor with the assistance of graduate students in the IU speech and Hearing Sciences program.

WHEN? Weekly group meetings are held during the Fall, Spring and Summer university semesters. Meetings are held on Wednesday evenings from 5:00-6:00 p.m.

WHERE? Group meetings are held in the IU Speech and Hearing Clinic on the Bloomington Campus.

To obtain more information or to refer individuals for group participation please call the IU Speech and Hearing Clinic at (812) 855-6251 or visit us at our website at: http://www.indiana.edu/~sphs/clinical/speech/support.shtml
