BRAIN INJURY SUPPORT GROUP

WHAT? The Brain Injury Support Group is designed for persons who have suffered a *mild* brain injury (i.e., motor vehicle accident, traumatic injury, aneurysm) and are motivated by educational or vocational goals. The group seeks to offer support through group discussion, counseling and therapeutic activity designed to maximize coping and life skills as well as provide opportunities for peer support. Discussion topics may include but are not limited to adjustment issues, grief/loss, transition to school/work, relationship issues and community resources.

The group is facilitated by professionals from the fields speech pathology, psychology and social work, as well as brain injury survivors. There is no fee for the group.

WHO? The group is designed for adults 16 and older with vocational or educational goals. A concurrent family group is also facilitated by Dr. Steven Curtis.

WHEN? Group meetings are held the first Monday of each month from 5:30 to 6:30, with an optional social time from 6:30-7.

WHERE? Group meetings are held at the IU Speech and Hearing Clinic, room 018 on the Bloomington Campus. Parking is available directly in front of the clinic.

To obtain more information or to refer individuals for group participation please call the IU Speech and Hearing Clinic at (812) 855-2912.
