

INDIANA UNIVERSITY BLOOMINGTON

Student Academic Appointee Board of Review Procedures

(Formerly the Associate Instructor Board of Review Procedures)
(By Action of the Bloomington Faculty Council: February 5, 2002)

These procedures are intended as a supplement to the provisions for the creation and operation of an SAA Board of Review contained in Document D-XVII and approved by the BFC 9/29/70.

1. If a student academic appointee wishes to bring a grievance before the Board, he or she shall notify the Chair in writing of that fact. His or her written statement should clearly specify the nature of the complaint, the person(s) grieved against, the remedy sought, and the reasons why the remedy is appropriate. The written statement of complaint should be submitted within two months of the incident or series of incidents that gave rise to it. This time limit may be waived at the discretion of the Board. If the case falls within the Board's area of jurisdiction, as outlined in BFC document D-XVII, the hearing shall be scheduled no sooner than ten days and no longer than thirty days after the respondent has received notice of the complaint.
2. The Chair shall send a copy of the grievance to the party named therein, who shall submit a response to the Board within ten days of the receipt of the grievance. The Chair will distribute to the Board members copies of the grievance, the response, and any supporting documentation filed by either party.
3. Both parties will submit to the board a list of witnesses, who will be notified by the Board of the date, time, and place of the hearing. No other communication may be given to any Board member prior to the hearing. Additional materials may be submitted to the Chair at the hearing, for distribution to all involved. Before and during the hearing, the Board may request and secure additional information from the grievant and the respondent. The Board also may request testimony or written statements from witnesses not called by either party. If not presented during the hearing, these statements will be made available to both parties involved.
4. After the conclusion of the hearing, the Board retains the prerogative to request additional materials or information; all such requests must be made known to the grievant and the respondent. In this event, either party may request that the hearing be reconvened in order to add or respond to such newly solicited material and information.
5. In the hearing before the Board, both parties shall have the right of counsel, or a representative of his/her choice. Both parties to the dispute, or their representatives, may question witnesses presented by the other party. This questioning will be carried out under the guidance of the Board, which may

intervene at its discretion to avoid redundancy or irrelevant lines of inquiry.

6. The hearing will be private--attended only by the parties, their representatives, witnesses, and others approved by the Board--unless all parties agree to an open hearing. In the event of an open hearing, members of the public may attend the proceedings, but may not participate in them. Whether the hearing is private or open, the Board will treat as confidential all information received in the complaint process. Public statements by the grievant or respondent about cases before the Board should be avoided.
7. The Board will maintain a record of all papers filed and will arrange for the tape recording of the hearing. Upon conclusion of the hearing, these records shall be kept on file for a period of five years in the Bloomington Faculty Council Office.
8. The proceedings should consist of an introductory statement by the Board, stating the reasons for the hearing and defining the parameters of the case. Following this introduction, both parties or their representatives may offer opening statements, not to exceed fifteen minutes each. Witnesses will then be heard and made available to questioning by the grievant and the respondent, or their representatives, in turn. The questioning of witnesses by each party is limited to one hour. Either party may then opt to present closing comments, not to exceed five minutes each. Time limitations on each phase of the hearing may be waived at the discretion of the Board. The Board shall take the case under advisement and arrive at a recommendation in the absence of both parties.
9. The Board shall reach its recommendation on the basis of the evidence presented. Upon the conclusion of the hearing, the Board shall make its written recommendation to the Provost within ten days. All parties will receive copies of the recommendation at that time.
