This form supplements the graduate application for admission available from the department to which you are applying. It is to be completed by all applicants holding U.S. citizenship or permanent resident/resident alien status who have completed all or part of their education outside the U.S.

This information is required to provide an evaluation of your educational history and background to the department to which you are applying. Academic records must be complete and official before an evaluation can be made.

INSTRUCTIONS

1. Carefully complete the following form. Pay special attention to the following:
   a. Upon application, you were issued a 10-digit university ID number, please list that number here. If you are unsure of that number, please contact newtoiu@iu.edu or the department to which you applied.
   b. Be sure to list every college or university you have attended, whether or not you obtained a degree. Also list the school which you are currently attending. This information is important and allows International Admissions to provide an accurate and comprehensive description of your educational background.

2. Official academic records must be submitted before an evaluation can be forwarded to your department. Submit official academic records in their original language from every college or university you have attended, whether or not you obtained a degree. If the original document is not in English, also provide an official, exact (literal), English translation; secondary school records are usually not required. If you have studied in the U.S. or Canada, official transcripts must be sent directly to International Admissions from their registrar’s office. For specific information regarding required documents, please visit: http://go.iu.edu/64w.

3. Submit this form and official academic records to International Admissions at least one month before the regular departmental and school deadlines. This will allow International Admissions sufficient time to review your credentials.
