Iraq: 2003-2013

AN INTERDISCIPLINARY PANEL DISCUSSION from
the Center for the Study of the Middle East

Monday, March 4th
Indiana Memorial Union | Maple Room
Noon, 12:00pm

The Center for the Study of the Middle East will commemorate the events ten years previous with a panel on Iraq: 2003-2013. The purpose of this panel is not purely retrospective but instead to engender discussion of the future. Where is Iraq headed? How will Iraq negotiate the difficulties of the tectonic changes that are underway in the region? What are the prospects of the State of Iraq holding together? What should US and UK policy be toward Iraq as it develops?

The Center for the Study of the Middle East plans to publish material presented in conjunction with this forum.
