

**A FREE WORKSHOP FOR TRIBES:
NATIVE AMERICAN CONSULTATION
AND THE
CALIFORNIA DEPARTMENT OF FORESTRY AND FIRE
PROTECTION (CDF)**

Have you ever:

- Wanted help in understanding those notices you get in the mail about CDF forest use plans (such as Timber Harvest Plans) on private land in your area?
- Wished CDF would provide training/guidance in how Tribal Representatives can be involved in CDF's review of THPs and other CDF projects?
- Wondered what legal rights Tribes have regarding forestry projects conducted on private land under the California Forest Practice Rules?
- Wanted to learn how Tribes can better ensure that prehistoric, archaeological, cultural, spiritual and ceremonial places now located on privately owned land are identified and protected during CDF forest projects?
- Had questions about CDF mailings, notices and/or projects but didn't know whom to ask?

If you answered "Yes" to even one of these questions, then this Workshop is for YOU!!
