Cross:

Crossing of gg and GG parents:

- Genotype of one parent: gg
- Genotype of the other parent: GG

Offspring:

- F_1: Gg

Self-cross of F_1:

- F_2: 123 red & 41 green

Note: can use any symbol as long as it's clear what symbols mean.

But, cannot use different letters, like G and R (implies two different genes)
