**Biography**

Gino Issac, MSN, CNE, RN received his MSN in Nursing Education from Valparaiso University, IN, and BSN from Rajiv Gandhi University of Health Sciences, Bangalore, India. His primary research and teaching interests lie in understanding human health and nursing care. He offers courses in NRSG 100, NRSG 101, NRSG 103, NRSG 105 and NRSG 106. His current research focuses on medical surgical and alternative medicine for holistic treatment.

**Course: NRSG 105 – Medical-surgical Nursing Clinical- 1**

NRSG 105 is a clinical course for freshmen. This is a 2 credit course with 6 contact hours per week for 8 weeks. This includes the application of nursing process, teaching-learning concepts, and therapeutic communication. It also deals with nursing documentation and dosage calculation. Both ASN and PN students are taking this course. We send students to long term health care facilities around Bloomington area.
