  - There are mock-up posters for this campaign

- Exec Pullovers? – Zach
  - Should we get pullovers?
  - We’d want quarter-zips of decent quality with GPSO embroidery
  - We think this is a bad idea for the budget
  - Jessie will investigate options
  - This will be open to assembly response

- GradGrants Center
  - Josh and Brady met with the three people running this Organization
  - This group is only working on outside grants because of understaffing
  - The decrease in grants hurts the humanities more than the sciences
  - The only new hire will be part-time
  - We are already behind the Big Ten on this issue
  - IU is incapable of meeting its advisory needs on grants – this group needs more resources because they help bring in 4 Million+ dollars
  - A poor response from IU will result in a resolution from the assembly

- Liaison’s Report – Julianna

- Audit/Assembly Rep Allotments – This Year & Next
  - Should we change the department representation again?
    - There is a process for this in the Bylaws
  - We will enforce last year’s audit for this year, but we may change some processes
  - Why is the College of Arts and Science not considered as a whole when other schools are considered that way?
• Should we average department size over time to account for severe fluctuations?
• How specific are the Bylaws? We may be able to come up with appropriate changes for the Bylaws.
  o Budget Review – Zach
