The Kelley Institute for International Business is hiring qualified undergraduate and graduate students as Team Mentors for the Business is Global program.

**Business is Global (BIG) - July 3-16**

Team Mentors for BIG will serve as an academic mentor and facilitator for a team of 4-5 high school students participating in a two-week summer program on campus at IUB. BIG is a summer program for rising high school sophomores, juniors, and seniors who are interested in experiencing the intersection of business, language, and culture.

Team Mentors will advise program students as they work on their team projects and create a business plan for an assigned country. It is the duty of the Team Mentor to guide students as they research their countries, prepare their projects, and practice their final presentations.

Questions? Contact Emily Bagienski at ebagiens@indiana.edu.

Applications due by 5pm Tuesday, February 2, 2016.
