

Geochemical Modeling (G586) Course Portfolio

CHEN ZHU

Department of Geological Sciences, Indiana University
(812)856-1884, chenzhu@Indiana.edu

TABLE OF CONTENTS

Course Data.....	2
Introduction and the Role of G586 in the Curriculum.....	2
Course Goals.....	2
Instructional Practices.....	3
Approach.....	3
Organization and Preparedness.....	3
Delivery.....	3
Office Hours.....	4
The Research Paper and Presentation.....	4
Assessment.....	5
Computer Labs.....	5
Homework.....	5
Questionnaire.....	5
Peer Evaluation.....	5
Research Papers and Presentations.....	6
BEST evaluation.....	8
Student Research.....	9
Improvements for the Future.....	10
Programmatic Issues.....	10
Pedagogical Improvements.....	11
Conclusions.....	12
APPENIDX A. Syllabus.....	13
APPENIDX B. Research paper/class Presentation.....	17
APPENIDX D. Labs.....	21
APPENIDX E. In-class Exercises.....	28
APPENIDX E. Quizzes.....	31
APPENIDX F. Samples of Student Term Papers.....	33
APPENIDX G. Samples of Student Presentations.....	34
