Opportunity to Participate in Experiments

- The Interdisciplinary Experimental Laboratory in Woodburn 220 conducts experiments in human decision making.
- If you participate in experiments you will be paid in cash. Participants in past experiments have earned in the neighborhood of \$15 to \$40 dollars for participating in any 1 to 2 hour experiment.
- There are no risks, and any undergraduate at IU is eligible to participate.

To register to be on the Interdisciplinary Experimental Laboratory E-mail List go to:

<http://www.indiana.edu/~ielab/>

and click on the "Sign up to participate in experiments" link, and follow the directions.

Once you are on the E-mail list you will receive e-mails notifying you of experiments for which you can sign up to participate. Signing up for the E-mail list does not obligate you to participate in any specific experiment.
