

BAC Steering Committee Meeting

4/11/01

President Steve Wietstock called the meeting to order.

We have hit a road block with the “Student Assessment” and must resubmit the proposal to get approval for using human subjects.

Sharon Doyle was recognized and a certificate was presented in appreciation of her serving this past year as Secretary for BAC. She has submitted her resignation and will be moving to Memphis, Tennessee in July where her husband will be training for the ministry.

Steve will talk to Bob Eno - Chair of Education Policy Committee to see if we can have a BAC representative sit in on their meetings.

IU is being well represented at NACADA Regional with 3 or 4 presentations being given from our advisors.

National NACADA will have a presentation of “Professional Advising of Professional areas - Law, Medicine etc.”

IAAN will be June 1.

Committee Reports:

Membership- discussed how to collect dues- email sent to all advisors asking that dues be sent to Sherry Bennett. It might be a good idea to have a table at the fall conference where advisors can pay their dues.

Professional Concerns- is gathering submissions for advisors survival kit and hop to have it for the June All Advisor Workshop. It will also be placed on the web.

Public Relations - still researching the history of advising at IU.

Campus Affairs - no report

Technology Group met once - working for a survey for advisors

Professional Staff need an allotment to use UITS printer in Library.

Fall Conference:

Theme - Advising for Academic Excellence

Call for papers for the fall conference will be sent out soon via email

Suggested that the new Chancellor be asked to be the keynote speaker

Check on the dates of regional NACADA and IAAN so we can better schedule IAAN here next year
