

2009-10 IUB Academic Year Internship Program in Sustainability

Visit

<https://www.indiana.edu/~sustain/sustainabilityiu/academic-year-09-10/> to apply.

Deadline extended to Friday, October 9th at 5:00pm.

The IU Office of Sustainability (IUOS) is now accepting applications for its Academic Year Internship Program in Sustainability. IUOS has funding for up to 19 internships including:

Energy Challenge Coordinator
Greening of the Athletic Department
Funding Opportunities for the Office of Sustainability
Greening of the IMU Charrette Coordinator
Green Team Coordinator
Sustainability Reporting Research and Database
Social Dimensions of Sustainability
Campus-wide Sustainability Studies Curriculum Development
Co-curricular and Community Opportunities in Sustainability
Preparing for the College Semester in Sustainability
Water Conservation in Academic Buildings
Non-academic Building Energy Audits
Wetland and Stream Inventory of IUB and the Five Regional Campuses
Sustainable Food Procurement
Increased Awareness of and Initiatives for Recycling
Reclamation and Resale of Reusable Student Move-out Waste
E-waste Solutions
Feasibility of Acquiring Alternatively Fueled Buses
Bike and Pedestrian Infrastructure

These are paid positions. Interns are expected to work 10-15 hours per week from mid-October to the end of the Spring semester, and schedules can be set to accommodate varying academic load and other commitments.
