Help Haiti

As IU has been organizing Haiti relief efforts, several decisions have been made regarding how to coordinate these efforts. The decision was made by those most knowledgeable about Haiti and its history, that our fundraising efforts would have the most immediate effect if they were directed toward Partners in Health, Paul Farmer’s and Jim Kim’s organization, which has been involved in Haiti for many years, has hospitals on the ground, and is currently in Haiti serving to help coordinate relief efforts there. The fundraising name online is IU Hoosiers for Haiti, and here is the link:

By donating through this link we will be able to track IU fundraising and work toward a campus goal.
