Informational Meetings on Outside Competitive Awards

There are three competitive award events this week and all take place in room 108 of the Hutton Honors College. These opportunities are for post-graduate activities and have deadlines early in the fall semester. Students who will be alumni in the fall are eligible to apply as well.

- **Tuesday April 26 – 5:30 – 6:30** – Learn about applying for an NSF Graduate Research Fellowship. We will review the procedures for applying in the fall and hear from a current recipient.

- **Wednesday April 27 – 5:30 – 6:30** – This presentation will focus on post-graduate opportunities to teach in the United States and to teach English abroad. A graduating senior who will be teaching English in Colombia next year will take part in the discussion.

- **Friday April 29 – 3:30 – 4:30** – The last ‘Fulbright Friday’ presentation of the semester. Fulbright grants provide funding for research/study or teaching in another country. We will review the procedures for applying in the fall and hear from recipients of Fulbright awards. More at: US Student Fulbright Program.

If you cannot make it and would like to discuss award opportunities before leaving for the summer, send me an email or use the Doodle link below. I am available during the months of May and June for individual appointments.
