Meets with SPEA-H 353

P: SPEA-H 352

Course focus is financial management of health care organizations; assessing critical decision-making concepts in managerial accounting and finance. Topics include evaluation of capital investments, financing sources, managerial accounting including cost behavior, profit analysis, and incremental analysis, reimbursement under various third-party payer environments, cost allocation and government reporting.

The honors version of this course requires consent of SPEA Honors advisor. Course covers same content as SPEA-H 353; however, students will complete advanced coursework.
