Tuesday, Dec. 4, 5-7 p.m., HHC Great Room
Sign-up Required

What is good behavior and bad behavior with respect to food? There’s the obvious—eating healthy versus unhealthy diets—but judgments about right or wrong ways to interact with food are made on other grounds, too. For instance, is a $500, 37-course meal a good use of our food (or financial) resources? Is using food as sport in competitive eating just good fun or is it sending the wrong messages about overeating? To explore some of these issues, we will bring together students with experts—and food!—to talk about the good, the bad, and the tasty. Sign-up required; click here for more information!
