*\* For general safety considerations related to vehicular traffic on the unimproved road into the Field Station, students are not permitted to use private vehicles at anytime during the course. We will provide transportation in University vehicles, at no extra cost, for a range of weekend activities.*

*+ The Field Station cannot guarantee transportation to Rapid City for those students driving to the Field Station initially. In the event that transportation (in a Field Station vehicle) is unavailable, air or bus travel from Bozeman to Rapid City at the student's personal expense would be the only option. The student will also be responsible for transportation and related expense from the Field Station to Bozeman, which is quite expensive due to lack of public transportation near the Field Station.*
