Greetings from the IUHPL office!  

Our office wanted to take the opportunity to communicate when IUHPL coordinators can expect to receive final evaluations of this summer’s participants.

Instructor teams compile final evaluations for students post program. Once instructors submit final evaluations to the IUHPL office, we then review and print them to send to IUHPL coordinators at their respective high schools. We are currently preparing those packets to be mailed out to you later this week.

Final evaluations are sent only to students who have already finished the required post-program survey, however IUHPL coordinators will receive copies of all of their students’ final evaluations, even if the students have not completed the survey. Therefore, we kindly ask coordinators to keep the students’ evaluations confidential if the student has not finished his/her survey. We feel it is best for students to first hear about their performance during the program directly from our office. Students will receive their evaluations and accompanying materials only upon completion of the survey.

All aspects of the students’ IUHPL experience are assessed in the evaluations: the students’ classroom performance, assimilation to the host culture and the host family, performance in the afternoon activities, linguistic progress, etc. The evaluation also indicates which [one of the three](#) awards a student was eligible to receive:

- **The IUHPL Diploma with Award of Excellence:** for the student who truly embodied the ideals of IUHPL and lived out the Honor Code and Pledge of Excellence to its fullest.
- **The IUHPL Diploma:** for the student who performed well within the program but had an Honor Code Infraction or received a grade lower than B+ in at least one class.
- **The Certificate of Participation:** for the student who participated in IUHPL for at least half of the time and could not complete the program due to reasons beyond his or her control (i.e. illness, family emergency, etc.).

Do not hesitate to call or e-mail us if you have any questions related to the 2015 students’ final evaluations.

Best,

Loni Dishong
