Bloomington, IN 47405-7799 – U.S.A.

Wednesday, December 2, 2015

Dear Students, Parents, and Teachers -

In light of the November 13th terrorist attacks in Paris and the ongoing refugee crisis throughout Europe, Indiana University and its internationally focused programs continue to closely monitor the security situation around the world.

IUHPFL holds as its top priority the health, safety and security of its students and instructors who participate in our summer programs. While we cannot guarantee the safety of any individual in any specific location, we continually gather information from official sources, as well as from our international partners and colleagues, in order to implement and maintain reasonable precautions during all of our programs in Austria, Chile, China, France, Mexico, and Spain.

At this time, IU is not recommending that any of its university students who are currently participating in programs abroad return to the United States nor that students in the U.S. postpone plans to study abroad during the upcoming spring and summer sessions. Therefore, IUHPFL is moving forward as usual with plans for all 10 of our program sites.

As part of our decision-making process, IUHPFL takes under advisement the U.S. Department of State’s Travel Warnings and Travel Alerts, as is standard procedure for U.S. institutions engaged in education abroad programming. It is recommended that interested parties consult this website regularly for security updates from around the globe.

We also encourage you to visit the IUHPFL website throughout the spring semester for updates related to specific IUHPFL programs and to contact us with questions at iuhpfl@iu.edu.

We look forward to celebrating our 54th summer in 2016 and thank you for your continued support of the life-changing international experiences we provide to Indiana high school students.

Kind regards,

Loni Dishong
Managing Director
