

Evaluation Committee's Overall Charge

1. The Evaluation Committee's overall charge is to oversee the program evaluation of the IUPUI Teacher Education Program.
2. The School of Education should hire a person to coordinate the following procedures for program evaluation, data collection, and analysis. This data will be evaluated against the theoretical framework of our Teacher Education Programs. (The formative data will be generated each spring so the Evaluation Committee can review it in the fall and make recommendations for the following spring or fall)
 - **Formative Evaluation** which includes:
 1. Evaluation of randomly selected student portfolios
 2. Survey or interview of supervising teachers and PDS faculty
 3. Work with Student Services personnel to obtain data on profile of students accepted in to the Teacher Education Program, on graduates who are successful as beginning interns, and on graduates after they have completed their internships.
 4. Cohort/Block Data
 - **Summative Evaluation** which includes:
 1. Survey of sample of graduates
 2. Survey of a sample of PDS faculty
 3. Survey of a sample of current students
 4. Survey of a sample of employers
