Focus on Research and Public Speaking:

CLLC L100 / Class 13748 COLLINS SEMINAR – SET IN STONE: PUBLIC SPACE & MEMORY IN CHANGING SOCIETIES (2 cr)
Tu/Th 4:00 – 5:30 pm Ed Basement (Sean Starowitz)
SECOND EIGHT WEEKS
This course will explore the notion of public space and public monuments in changing societies. We will study the history of various urban design movements from the City Beautiful Movement to current trends of Creative Placemaking. The course will question the role that the arts play in public space from monuments and commemorative memorials to current issues of displacement and development.

CLLC L200 / Class 33204 COLLINS SEMINAR – COLLINS SPEAKS (1 cr)
3:35 – 5:35 pm Mondays Ed Basement (Yara Clüver)
SECOND EIGHT WEEKS
For Collins residents only. For permission, contact Yara Clüver at ycluver@indiana.edu
Collins Speaks is a story telling project intended to help students gain public speaking skills, advance writing skills, and make connections, while strengthening community in this residential setting. Students will develop a story of personal significance, but with a universal appeal, under the guidance of a faculty mentor that students themselves select. With the surge of interest in story telling in this country (think of The Moth Radio Hour and StoryCorps,) this program provides a lens into the diverse and distinct lives that comprise the residents of the Collins community. Students will build practical life skills, while increasing self-awareness and personal growth. Students will write a 5-10 minute talk, 750 words or less, which they will rehearse prior to presentation. The talks will take place in the Coffeehouse during dead week (the week before finals week). In this course, students will build practical life skills, while increasing self-awareness and growth.

Focus on the Environment:

CLLC L100 / Class 4355 COLLINS SEMINAR – EDIBLE WILD PLANTS: FALL (1 cr)
Tu/Th 2:30 – 4:30 pm Cravens C (Monique Philpot)
FIVE WEEKS: Meets September 4 to October 4
We will be spending time in the outdoors observing, learning, drawing, and collecting edible wild plants. Each session will be in a different location: woods, fields, wetlands, lawns etc. We will have the opportunity to see where these plants are growing, what their needs are and to collect and use them in recipes. Each session will result in a recipe booklet with its own artwork and recipes, tested and tasted by the group.

CLLC Q199 RESIDENTIAL LEARNING WORKSHOP (1 cr)
FIRST EIGHT WEEKS (classes meet twice a week for 50 minutes each)
See One.IU for class meeting schedules
Q199 challenges you to engage the core values of the Collins community: academics, diversity, community, empowerment, and sustainable living, through readings, discussion, and activities. An experienced peer instructor, who is also a Collins resident, facilitates the class. It helps you integrate into the Collins, IU, and Bloomington communities. You’ll learn how to take advantage of the resources of a living-learning center situated in a major research university through a range of hands-on experiences, including a community project of your own.
