IU PROGRAMS

Indiana University offers several administered and co-sponsored summer and semester programs in Australia, which offer direct IU course credit. Most financial aid applies automatically to IU program costs. To learn more about these programs and their eligibility requirements, visit http://overseas.iu.edu/programs/iuprograms.

Adelaide  
Canberra  
Melbourne (SUM)  
Perth  
Sydney (KSB only)  
Wollongong

Indiana state residents (in-state students) with demonstrated financial need and academic merit are eligible to apply for an Australia exchange scholarship, which provides a reduced tuition rate for the Overseas Study programs in Adelaide, Canberra, Perth or Wollongong. The number of scholarships is limited and we are not able to award scholarships to all applicants. More information: http://overseas.iu.edu/first/financial-aid/australia.shtml

IU AFFILIATED PROGRAMS

IU does not offer semester or summer programs in every location and language, so students may choose to search from among the list of Affiliated (http://overseas.iu.edu/programs/non-iu/affiliated) programs that are administered by other institutions. These programs are endorsed by our office based on the reputation of the organizing agencies or institutions, the quality of the programs and their academic standards. Students earn transfer credit on these programs and the use of financial aid is subject to approval.

OTHER NON-IU OPTIONS

IU students have also participated in many non-IU study abroad semester or summer programs in Australia. Some of these are direct enrollment programs. Note that Australian universities readily accept qualified U.S. applicants for a semester or a year. However, some students prefer to take part in direct enrollment programs offered through a third party provider or organization. Others prefer center-based programs offered for U.S. students and/or other international students. See the following for both types of programs:

Education Abroad Network  www.educationabroadnetwork.org
GlobaLinks  www.globalinksabroad.org
New York University  www.nyu.edu/studyabroad

NEXT STEPS

By choosing one of the IU programs, students will receive comprehensive advising from Overseas Study in cooperation with major advisors. Our IU program list can be found on the Web at http://overseas.iu.edu/programs/iuprograms.

If you do not find a program that suits your needs among these, consult http://overseas.iu.edu/apply/noniu for information on locating a non-IU program and the procedures that will follow.

After looking at individual flyers for programs in which you have interest, consult our program binders in the Information Center for more details.

If you have further questions or want to speak with a study abroad advisor about academic issues, please call Overseas Study to arrange an appointment.
