IU PROGRAMS

Indiana University offers several administered and co-sponsored semester, academic year (AY) and summer programs in Spain, which offer direct IU course credit. Most financial aid applies automatically to IU program costs. For a quick review of language level required by each, see: http://overseas.iu.edu/programs/iuprograms/languages/spanish.shtml.

Alcalá (SUM)  Granada (SEM: fall only)  Seville (SEM)
Alicante (SEM)  Madrid* (AY, SEM)
Barcelona (SEM)  Salamanca (SEM)

*If you have at least 5 semesters of Spanish and desire to study in a large diverse, metropolitan city in Spain, the IU academic year in Madrid program offers great value—the IU academic year in Madrid can cost less than a co-sponsored semester program together with a semester on the IU campus! This program was designed for the independent student hoping to increase fluency and appreciation of the Spanish language and culture. Located at one of the oldest universities in the world, the Universidad Complutense de Madrid, this long-standing program is a tradition in IU study abroad.

IU AFFILIATED PROGRAMS

IU does not offer semester or summer programs in every location and language, so students may choose to search from among the list of Affiliated (http://overseas.iu.edu/programs/non-iu/affiliated) programs that are administered by other institutions.

These programs are endorsed by our office based on the reputation of the organizing agencies or institutions, the quality of the programs and their academic standards. Students earn transfer credit on these programs and the use of financial aid is subject to approval.
