American Councils for International Education is pleased to announce that Title VIII fellowships are available for graduate students, faculty, and independent scholars seeking to conduct policy-relevant research during the spring and summer of 2017 in the following locations: Central Asia, Moldova, Russia, the South Caucasus, Southeast Europe, and Ukraine. Competition is currently open in two Title VIII fellowship categories:

The American Councils **Title VIII Research Scholar Program** provides full support for graduate students, faculty, and independent scholars seeking to conduct in-country, independent research for three to eight consecutive months. Typical awards provide roundtrip international airfare from the recipient’s home city, a monthly living and housing stipend, a single-entry visa, academic affiliation, medical insurance, archive access, and logistical support in the field.

The American Councils **Title VIII Combined Research and Language Training Program** serves graduate students and scholars who, in addition to support for research, require supplemental language instruction. Typical awards provide roundtrip international airfare from the recipient's home city, a monthly living and housing stipend, a single-entry visa, academic affiliation, approximately ten academic hours per week of language instruction, medical insurance, archive access, and logistical support in the field. Open to U.S. graduate students, post-doctoral scholars, and faculty.

*Only U.S. citizens are eligible for these awards.*
