IU Incubator Building
Sustainable Sites Credit 4.1: Alternative Transportation, Public Transportation Access

Design Application Review: The LEED Submittal Template has been provided stating that the project is served by 2 bus lines within 0.25 miles of the project site. However, the plans provided show the bus routes but do not clearly indicate locations of the transit stops relative to the project.

Technical Advice:
Please provide a scaled drawing or map with north indicator showing the location of the transit stops relative to the project site.

Response:
See attachment for revised exhibit for SSC4.1 showing bus stop locations within .25 miles of project site.

We hope the attached narrative address the USGBC reviewer's request for additional information.

Sincerely,

Jeremy Welu
