Dan,

The IU Health Center and the fitness center are not open to the public. All other entities are. There are quite a few entities you could list, however. For example, your circle seems to include the IMU which has a bookstore, post office, restaurants, barber shop, bowling alley, etc.

Also, along 3rd, there are many businesses not listed. This should not be difficult in that location.

Call me after 4 today if you need anything else.

Bill
