She has supported herself financially for her education and has maintained a 3.9 grade point average. She works for the IMU at the hotel front desk and parking operations.

Yasuhiko Harada is a master's student in the School of Music and is a native of Japan who plans a career in music. He has worked for the IMU since the fall of 2005. He will be a doctoral student in the fall and is a self-supported student who currently works in the Kiva café, Sugar and Spice, Catering, and worked in the Tudor Room his first semester. Next semester he will also be a Resident Assistant in one of our Residence Halls and is active with the Pro Arte Singers and the Trinity Episcopal Church Choir.

Yasuhiko's supervisor, Steven Richards, says that Yasuhiko has mastered all of the positions that he has held and is always willing to take on new challenges. Steve would like many more students of the same caliber as Yasu as he knows that things are in good hands when he is working.
