Happy Birthday, University Club
2019

Although its roots can be traced to 1912, this marks the 60-year anniversary of the incorporation of the University Club.

Acting on the suggestion of President Herman B Wells, the Men’s Faculty Club, Women’s Faculty Club, and Faculty Women’s Club (later, University Women’s Club) combined into the University Club and occupied parts of three floors of the new Biddle Continuation Center in 1959. Incorporation papers were approved by the state of Indiana on May 28 of that year. President Wells was a proponent of the club and its mission of providing social and educational opportunities to the university and the community.

Professor John B. Daugherty was the University Club’s first president.

In 1989, Indiana Memorial Union director Winston Shindell asked the club to participate in a planned renovation of the building. At the same time, university president Thomas Ehrlich requested the club to more actively engage the campus community and provide “a more welcoming and congenial atmosphere for faculty and staff.” The president stated his support of the organization.

In the 1991 building renovation, the club’s space was reduced to its current 6,265 sq. ft. on two floors. The organization made the decision “to unify its image as one club.” The University Women’s Club has continued as a constituent society and offers an important array of interest groups enjoyed by hundreds of members each year, with plans to organize more.

This past spring, as UClub co-president, Audrey and I appointed a House Fund Project Committee, to look at all the club’s furnishings’ and equipment needs and the cost of replacements/additions, and to recommend the practicality of a permanent house fund for on-going support. That committee, comprised of Joe Miller (Chair), Kathleen Boggess, Cindy York, Ruth Miller, Curt Simic and Svetla Vladeva, has been at work for several months. We look forward to their report. The club is a special organization that provides elegant space for rentals, programming and other social opportunities attended by thousands — members and guests — each year. It is important that all of us ensure its quality is maintained.

In 1959 an African American songwriter and record producer named Berry Gordy, Jr. founded Motown in Detroit, Michigan. What started out as a small, local record company operation rapidly grew to become one of the most recognized and successful brands in the history of the American music industry. Using the voices of young, local talent like the Supremes, Martha & the Vandellas, Temptations and others, Motown develop a sound concept that captured the imagination and shaped the record buying habits of people across racial boundaries, even at a time when many American neighborhoods were racially segregated. Now, six decades later, through changes of location and ownership, the music created by Motown in Detroit continues to be played, sung, danced to, and loved by people around the world. Guest speaker Charles Sykes will give us the story behind Motown’s music and help us understand why that story is such a fascinating and important piece of American history.

Charles E. Sykes is executive director of the African American Arts Institute, a performing arts program that operates under the Office of the Vice President for Diversity, Equity and Multicultural Affairs at Indiana University. An experienced arts administrator, performer, teacher and scholar, Sykes also is an adjunct professor in the Departments of African American and African Diaspora Studies and Folklore and Ethnomusicology, and research associate with the Archives of African American Music and Culture. He has served on a consultant panel for the Motown Historical Museum, as co-contributor of text for the study guide and souvenir program for Motown the Musical and developed the first noted course on the history of Motown, which he teaches at IU. His recent published works include the “The Black Forum Label: Motown Joins the Revolution” in the Association for Recorded Sound Collections journal, and “The Motown Legacy: Homegrown Sound, Mass Appeal” in Issues in African American Music: Power, Gender, Race, Representation.

Reservations are required. Please call the UClub office at 812-855-1325 or email uclub@indiana.edu. We need to know how many chairs to set for the presentation and call in a group reservation for the Tudor Room.

University Club 2019 Scholarship Recipients to receive $1,000

University Club members have been making generous donations to the University Club Scholarship since the fund was established in 2003. The fund continues to thrive thanks to your continued support. Last fall, Susan Platter, UC Club Scholarship Chair, presented three scholarships to students working at the Indiana Memorial Union. These were students with exemplary work records, high GPA and returning to campus for future study. The 2018 Scholarship recipients were: Taylor Busse, Jessie Wang, and Nick Dye. This year the Club will be awarding two $1000 scholarships to remarkable, hard working students of excellence.

Please join us on Thursday, November 14 at 11:15 a.m. at the University Club Presidents’ Room as we recognize this year’s recipients.

I am the middle of five children in my family and the second child to go to IUB so far! I began working at the IMU in my freshman year. Besides balancing work and school, I go to the gym 5-6 times a week to maintain a healthy lifestyle. I am part of the LGBTQ+ community. I expect to graduate Spring, 2020, and plan a future as an educator to encourage the next generation of students to reach their goals.

Thank you so much for choosing me as a recipient for the IUB University Club scholarship this year! This scholarship validates the dedication to my work at the IMU. I will be using this money directly to pay for classes and other expenses related to my education. I am grateful to the donors of this scholarship and intend to utilize this money effectively. This financial assistance will be a great benefit to me as it was to my older brother who also received this scholarship.

Haley Parrish
I am a junior studying biology with a chemistry minor and plan to graduate Spring, 2020. My future goals are to go to dental school and become a dentist specializing in treating children. Applying to dental schools is quite expensive. Most students have to take out loans just to apply and take the DAT exam. This scholarship will let me focus more on pursuing my dreams than thinking about where I will need to get the money to pay for all the things I need.

Thank you 100 times over to the donors of this scholarship. Donors are stepping stones for students to achieve their aspirations, and no amount of gratitude could repay that.

Thank you for your donations to the Scholarship Fund

Our University Club currently has 14 Interest Groups covering a wide range of activities. While this may seem like a lot, we discovered most Big 10 schools are in the 25 plus range. Now would be a great time to grab a friend and start a new group!

Here are some of the most popular groups from our other Big Ten friends:

- Ballroom dance - currently in the process of starting
- Theater - theater outing with dessert and coffee after to discuss.
- Cinema - View a classic movie or a movie genre over a meeting and discuss afterwards. Members can provide refreshments. This one could happen at the U-Club upstairs.
- Travel - people interested in planning trips of their own. Members share information about places they have been with members planning to go there. Valuable for hotel, attractions, local travel and dining tips.
- Gardening
- Wine and Food - Pairing wines from a country or a region of the US with the food from the same place. Average cost of about $10 per person.
- Arts and Crafts
- In-Stitches - knitting, crocheting and needlework; bring your own project and socialize
- Quilting
- Scrabble
- Pickleball - fastest growing sport in America
- Food Around the World - dining in homes focusing on different countries.
- Vegetarian Cooking

In order to seek participants for the new group you will need:

- Chair or co-chairs responsible for the group (always more fun with a friend).
- Select a meeting time and place and determine any fees associated.
- Set up the initial plan and curriculum to present to prospective participants.

The majority of our current Interest Groups are during the day. Please consider evenings and weekends to afford participation opportunities for our working members.

If you have any questions or need more information, please contact Carol Pierce, VP of University Women’s Club Board, in charge of Interest Groups at cmepierce0@gmail.com or 812-650-1149 or Cindy York, Presi-

Mah Jongg is a tile-based game that originated in China. It is commonly played by four players. The game is played with a set of 144 tiles based on Chinese characters and symbols, although some regional variations may omit some tiles and/or add unique tiles. In most variations, each player begins by receiving 13 tiles. In turn, players draw and discard tiles until they complete a legal hand using the 14th drawn tile to form 4 melds (or sets) and a pair (eye).
