

Federal guidelines require Indiana University to publish graduation rates for all students and student athletes who receive athletic-based financial aid. This report provides graduation rates for all full-time Baccalaureate seeking students and student athletes who began in 2001 and completed their degree program within 6 years. It also includes full-time degree-seeking undergraduates who were enrolled in fall 2006-2007.

IU East has a new athletics program and thus has no student athlete graduation rates.
