The Outstanding Junior Faculty Awards were established in the fall of 1985 and were then referred to as "The Outstanding Young Faculty Awards." They were established by the Dean of the Faculties Office (now Office of the Vice Provost for Faculty and Academic Affairs) and the Office of Research and Graduate Development (now Office of the Vice Provost for Research) to reward junior faculty members who have demonstrated their commitment to the University, their profession, the broader community, or all of these together. The first awards were bestowed in 1986.
